

Congratulations on your new role!

You work hard for your paycheck, and we'd like to help you protect it.

We know life is a balancing act. It's about standing up to the expected and unexpected every day. For more than 60 years, we've been there when people need us most by helping them protect their financial security and peace of mind.

While you can't foresee everything that can come your way, you can make smart choices that better prepare you for things life can throw at you. That's why I'd like to talk to you about how Aflac insurance can help.

Aflac isn't health insurance that pays doctors and hospitals. Aflac pays cash benefits directly to the policyholder.* Benefits are paid regardless of any other coverage you may have.

And because we want you to be able to focus on getting better instead of worrying about how you will pay unexpected medical bills or other expenses, we focus on paying you cash as quickly as possible. Also know your Aflac policy belongs to you, not your company. So if you change jobs, your coverage can go with you.

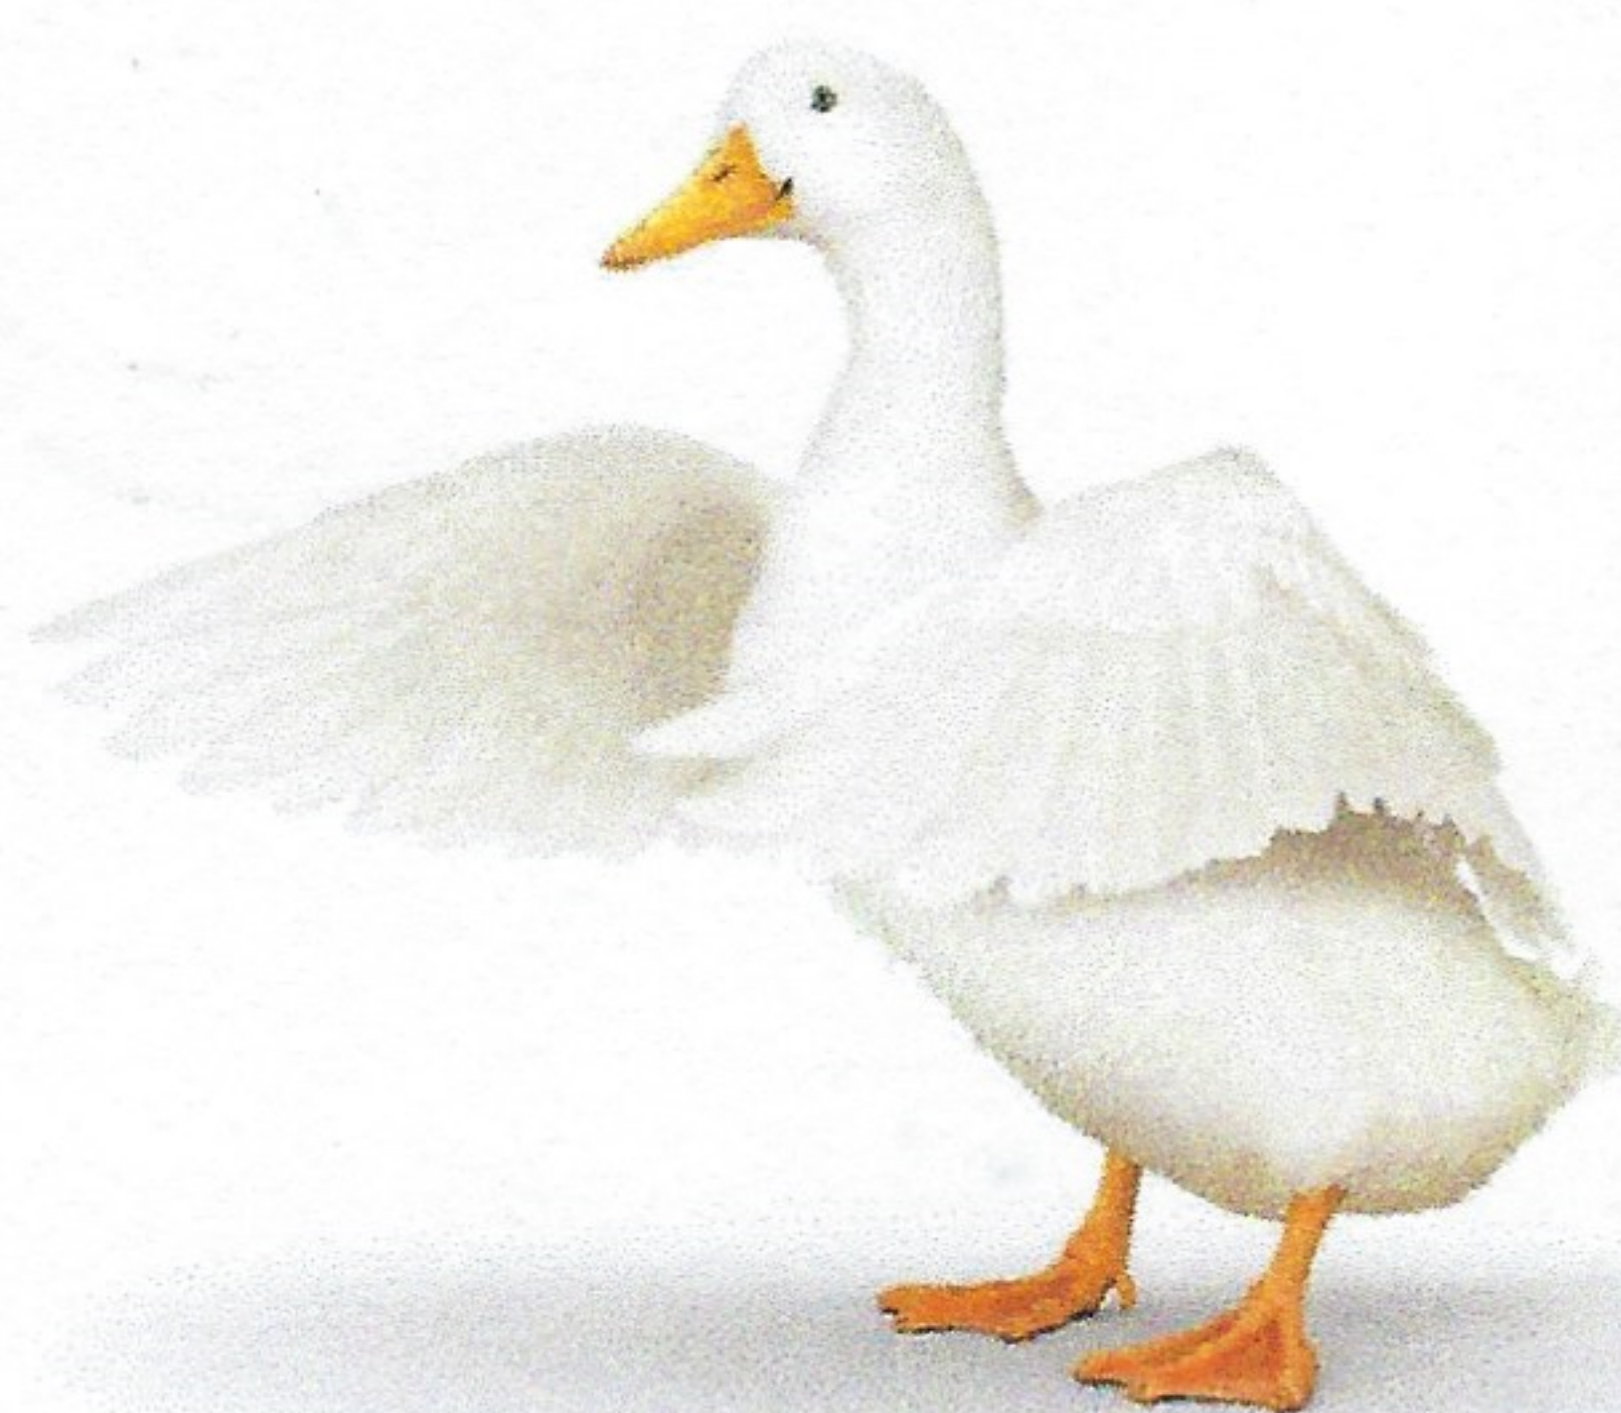

For more information about Aflac policies and to apply for coverage, call me at: **910-330-8344**
or visit **aflac.com**.

You'll always have our promise that we'll help protect you and your family. I look forward to assisting you.
